## ON SUNSETS

### Beautiful Sight Seen From Tombstone.

There are few places where such beautiful sunsets can be seen in Arizona, as in Tombstone.

Yesterday evening just before sunset, a storm cloud gathered over the southeastern horizon and began to gradually spread over the east and northeast, leading a weird uncanny appearance to the heavens. The lower stratum of clouds which was moving very swiftly began to partly obscure the sun; and when its rays glanced through the cloud rifts the dark bank of clouds to the eastward seemed aglow with all the indescribable hues and tints, from sombre grey or brown, to the brightest colors of the rainbow.

Over the tops of the Whetstones it seemed a fairy city with walls towers and spires, of the golden time. A lake, silver and blue, stretched away beyond, and over all there was shed a soft, golden light like that one sees through tinted screens.

Over the Dragons the dark clouds hung like a pall; and when the gaze turned to them from the brighter scene in the west, it was sufficient to thrill one with a strange feeling, half fear, half awe.

Throughout the rainy season beautiful sunsets are frequent in Arizona. And Tombstone, from her elevated position sees them to better advantage than any other place in the Territory.

## FOR OVER FIFTY YEARS.

An old, well-tried remedy. Mrs Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

The Phoenix Herald seems to think in view of the uncertainty of things political, it is not safe to abuse a candidate for presidential appointment until he has been finally rejected.

The Prescott Courier complains that the Fourth of July festivities were not carried out according to program and otherwise intimates that the celebration was altogether disappointing.

Mr. Chas Gortons attempted to fire a shotgun, the muzzle of which had become stopped up with mud and the result was a kick on the part of the gun which knocked Mr. Gortons off the fence and bruised his shoulder.

The state of Oregon presented her battleship nameake with a magnificent silver table service. The Prospector, in emulation of this example, will present to any child named for us, a silver lined prospect.

Hundreds of thousands have been induced to try Chamberlain's Cough Remedy, by reading what it has done for others, and having tested its merits for themselves are today its warmest friends. For sale by all dealers in Benson and Tombstone.

Dispatches from the state of Durango Mexico, report unusually heavy rains and high water in the river. The Nazas river has overflowed its banks and formed new channels miles away from its former bed. The water from this river irrigates a large part of the famous "Boscon de Mapimi."

The watermain of the Huachuca Water Co., burst yesterday at the San Pedro river and the only supply on hand in the big reservoir in Tombstone. The accident was owing to a sudden freshet washing large boulders against the pipe in the channel of the river.

In this issue of the Prospector appears the resignation of N. A. Gilman as chairman of the board of supervisors. The appointment of a successor will be made on the 15th instant and it is but just and proper the vacancy should be filled from either Benson or the Sulphur Spring valley.

The resignation of N. A. Gilman, chairman of the board of supervisors, was quite a surprise and unexpected. He resigns the position on account of other personal duties which he could not attend to and do justice to his official work. While in office he has acted with the evident desire to conserve the best interests of the county and the Prospector has no unkind word to speak of his official acts.

In the drilling contest on the fourth at Prescott, the McGowan brothers, Cherry Creek, won the double hand match with a score of 33 inches. The single hand match was won by H. Freppman, Tombstone, who drilled 16.9 inches.

The Prospector had a pleasant visit from Mr. J. R. Adams, one of Cochise's rancher citizens from Wilcox. Mr. Adams gives an encouraging report of the general outlook in "Cherry Cow" country, particularly in the live stock line. He sold, recently, calves from ten months to one year old for \$15.00 per head.

"If an election were held now for President," said Mr. F. Wolff, president of a big iron and ship building plant at Portland, Ore., in conversation with friends at the Riggs, "the whole Pacific Slope would vote to elect Bryan over any man the Republicans could name. It was a hard struggle to hold Oregon in line last year, but I say it would be impossible. The continued depression in business has increased the free silver sentiment in our State to a degree that would make a silver ticket invincible in the absence of a revival of prosperity."

## DISTRICT COURT

### Proceedings of the Special Session

District Court opened this morning and proceeded with the trial of the case of Welch vs. Seaverance.

At 10 o'clock an argument between the attorneys on the admissibility of certain evidence and the court excused the jury until two o'clock p. m.

At 2 o'clock the court opened and the examination of witnesses for the plaintiff was resumed. As we go to press, the case is still, apparently in its incipency and excites interest outside of those directly concerned. From all appearances the case will occupy the greater part of the next week, as only a small portion of the testimony for the plaintiff has been heard.

## Two Lives Saved.

Mrs. Phoebe Thomas of Junction City Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery cured her, and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which there are samples that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Tombstone and Bisbee drug stores. Regular size 50c and \$1.00.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. Va., and one of the most widely known men in the state was cured of rheumatism after three years of suffering. He says: "I have not sufficient command of language to convey any idea of what I suffered, my physicians told me that nothing could be done for me; and my friends were fully convinced that nothing but death would relieve me of my suffering." In June 1891, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm, the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured. For sale by all dealers in Tombstone and Bisbee.
